

Reading for Pleasure – Workbooks for Years 7/8/9

The benefits of reading are out of this world! So the more we can encourage children to read for pleasure, the more they can enjoy the benefits below...

ACADEMIC PERFORMANCE
Regular reading leads to improved vocabulary, grammar and literary skills. Books allow them to learn from the best - published authors!

COGNITIVE DEVELOPMENT
Reading in children improves the essential cognitive development needed to build themselves into intelligent adults.

PARENTAL RELATIONSHIPS
Sharing a story with your child every evening helps build bonds through regular quality time and support.

KNOWLEDGE
Reading is the main source of learning information. Regular reading leads to developed knowledge of a wide range of topics, providing the tools for better career prospects and improved communication.

START TO CHANGE A KID'S WORLD

Twinkl Beyond have created these excellent workbooks to encourage students to read for pleasure and get the most from their books.

Click [here](#) to download the workbook for your child, or get them to ask their ATL for a printed copy.
